

Bell County Public Health District

5/24/17

Update

- The Health District will be asking for 2 LVN or CNA's to assist in Hurricane Charlie Exercise on June 7 (Wednesday) from approximately 4:00 p to 6:30. The two shelters are:
 1. Harker Heights:
Harker Heights Recreation Center, 305 Miller's Crossing, Killeen
 2. Temple:
Holy Catholic School Tornado Shelter address:
Holy Trinity Address:
6608 W. Adams Ave
Temple, TX 76502

Nurses will need to briefly interview and complete a short medical form for each evacuee to determine any illness or chronic disease such as blood pressure or diabetes or whether they are experiencing symptoms like coughing or fever.

If your hospital needs to participate in an exercise, this might be a good one for you to consider. There is not a lot of time commitment involved and few staff participants are required.

- Also currently setting mosquito traps throughout the County and monitoring any reports of potential arbovirus symptoms.
